The Harrison is a modern 4 bedroom home that is all about the light and raked roof line. As you walk up to the grand entrance, the high windows allow views straight through the building. The kitchen features a scullery and large sitting island, as well as a full height window for light. The large open plan living/dining room has large windows and is available in both flat and raked ceiling options - the latter allowing for high windows and airy feel. The Master bedroom is separated from the other bedrooms and is complimented with a walk in robe and ensuite. As well as direct access to the garden. Bedrooms 2, 3 and 4 all feature built in wardrobes, the wardrobe could be removed from bedroom 4 if this was going to be used for a secondary living space/media room. Behind the spacious foyer lies a home office. The large laundry contains ample room for storage space.
